

405 HTS

FLAWLESS PERFORMANCE

The 405 comes from a long line of Galeon cruisers with a sporty heritage and it is quickly apparent that the hull has been tuned with speed and aggressive handling as priorities. The mostly open design focuses on the main deck, where the passengers can enjoy and appreciate the thrilling ride the HTS offers.

The exterior is quickly recognizable as belonging to the Galeon lineup with its edgy features and large windows, yet it offers a unique detail - a soft top roof over the cockpit. This great protection from the midday sun can be quickly retracted to open up the aft sun pad and sitting area. The wet galley comes fitted with a fridge, sink and a grill, perfect for al fresco dining and serving refreshments. Up front the helm station and additional rest area are located, also protected by an automatic sunroof.

As the 405 is geared towards individuals who enjoy spending their time actively, they are sure to appreciate the large bow sundeck area both when stationary and during cruising.

A large hydraulic platform provides easy access to the water and helps with retrieving various water toys that can be stored in the aft garage.

Down below the saloon and kitchen area span the width of the boat offering plenty space for activities. Thanks to the large hull windows and a series of glass panels above, the whole interior is bright and inviting. The owner's cabin is located midship and holds a large double bed, en suite bathroom, and a small rest area. The guest VIP quarters are moved to the bow, with private bathroom entrance and a functional wardrobe for belongings.

The 405 HTS is a fully-fledged sport cruiser with great handling and performance, offering plenty to space on board for activities and sleeps four in comfort.

The 405 is all about performance, fast handling and an exhilarating ride - welcome on board of one of the sportiest yachts in the Galeon lineup.

405 HTS

Aggressive lines of this sport cruiser promise great performance

The sunroof retracts to open up the main deck —

A sliding, soft-top roof over the cockpit area —
