

485 HTS

SPORT CRUISER ELITE

The sporty 485 offers a thrilling ride and great handling due to its aggressive hull design and favorable engine selection. Most passengers will appreciate that comfort level and sound insulation were not compromised and will not become a distraction during longer journeys. A sizable sunroof over the helm station can be quickly opened, similarly to the drop-down starboard window next to the driver.

On the main deck, two U-shaped sofas await the passengers, with a sundeck option moved aft. A clear separation of wet and dry areas is possible thanks to a drop-down window divider in the cockpit combined with the glass doors. This allows for better protection from the elements, soundproofing and heating and air-con installations. At the bow, the sundeck area can be protected by the foldable Bimini when stationary.

This yacht is very welcoming to the guests wanting to enjoy outside activities. With a choice of leisure areas front and back, an automatic marquee system

to shade the cockpit and a large garage for a dinghy and other water toys, none will be left wanting. Finally, a large hydraulic bath platform will allow for easy access and extraction of water paraphernalia.

Down below, two double cabins occupy the space for a total of four berths. The master is located midship and offers an en suite bathroom for added convenience and plenty of storage space for even longer stays. Both the bow guest cabin and the saloon are illuminated by roof windows, brightening the interior. All guests have access to the second bathroom, kitchenette and a U-shaped dining area complete with a table for sharing meals.

The 485 HTS will suit all sport enthusiasts with its commendable performance, and a variety of activities available on board.

The 485 is the embodiment of what makes a sport cruiser truly special. The impressive performance is paired with sporty design and tight handling with a surpassingly roomy and luxurious accommodation inside.
